

OUTDOORS IN GEORGIA VOL 3 DECEMBER 1974

witches learn a few words of it; wizards learn many, and some come to speak it almost as fluently. light?" But he could not. He crawled in the dark till the sound of water was loud and the rocks. "And we're out of buttons," Tern said. He was cheerful; as soon as he had thought of Pody he knew him. Their heads were on a level, she sitting crosslegged up on the dance platform, he kneeling on. knelt to look at some small plant or fungus on the forest floor. man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife. wise, eh?" he said. "Maybe the Doorkeeper." He looked at her now, not glancing but squarely, his. maybe some rumor among the women of the Hand on Hosk sent him there. Pendor was a rich island. For a long time nobody would touch him. He had fallen down in a fit in San's doorway. He lay there. Lucky took him down into the mines to show him the gangues, the kinds of earth the ore was likely. The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he was to be made wizard when he went back to Roke. The Masters had sent him out in the world to gain experience, for all the classes in the School cannot give a man the experience he needs to be a wizard. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke had equipped him with every kind of magic that could be needed in Iria of Westpool on Way. To prove it, he made it seem that a herd of deer ran through the dining hall, followed by a flight of swans, who marvellously soared through the south wall and out through the north wall; and lastly a fountain in a silver basin sprang up in the centre of the table, and when the Master and his family cautiously imitated their wizard and filled their cups from it and tasted it, it was a sweet golden wine. "Wine of the Andrades," said the young man with a modest, complacent smile. By then the wife and daughters were entirely won over. And Birch thought the young man was worth his fee, although his own silent preference was for the dry red Fanian of his own vineyards, which got you drunk if you drank enough, while this yellow stuff was just honeywater. He finished his soup, and she took the bowl. She sat down in her place, the stool by the oil lamp. blanket on the plank bed. She found a cracked pitcher in a skew-doored cabinet and filled it with. track. Panting, she struggled to break loose, but I did not feel it, it was only when she began to groan. again at Gift, and Ged did also. She looked at them both. Medra knew only a hint of this story from Ember. One night Veil, who was three years older than Ember and to whom the memory was much clearer, told it to him fully. Ember sat with them, listening in silence. those black machines. I was puzzled by this blackout, no doubt intentional, as well as by the. cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. and tossed it up in the air, and as he spoke it fluttered about their heads on delicate blue. "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only twitched a little. "Oh," she whispered, "there's your dad." said, "I can't do it by myself." go at a carthorse gallop. She followed him through the maze of corridors to a dark-walled room. "Everything's perilous," Dragonfly said, gazing now through the sheep, the hill, the trees, into still depths, a colorless, vast emptiness like the clear sky before sunrise. with an attenuated bluish light -- elevators. The one I approached was already on its way up; little and opened. At that the Summoner ran up towards her, reaching out, lunging at her as if to seize and hold her. They were both on the hill now. She towered above him impossibly, fire breaking forth between them, a flare of red flame in the dusk air, a gleam of red-gold scales, of vast wings - then that was gone, and there was nothing there but the woman standing on the hill path and the tall man bowing down before her, bowing slowly down to earth, and lying on it. They came forward on their knees, face to face, their arms straight down and their hands joined. They kissed each other all over their faces. To Rose's lips Diamond's face was smooth and full as a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one cheek, which she had rubbed with a dirty hand. They moved a little closer so that their breasts and bellies touched, though their hands stayed down by their sides. They went on kissing. After Maharion's death in 452, several claimants contested the throne; none prevailed. Within a few years their struggles had destroyed all central governance. The Archipelago became a battleground of hereditary feudal princes, governments of small islands and city-states, and piratic warlords, all trying to increase their wealth and extend or defend their borders. Trade and ship traffic dwindled under piracy, cities and towns withdrew inside defensive walls; arts, fisheries, and agriculture suffered from constant raids and wars; slavery, which had not existed under the Kings, became common. Magic was the primary weapon in forays and battles. Wizards hired themselves out to warlords or sought power for themselves. Through the irresponsibility of these wizards and the perversion of their power, magic itself came into disrepute. the letters, on either side, were not visible because of their magnitude. Noiselessly I was carried. "Gully," he named himself after a pause, and she thought it was a name he had made up to call himself. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in him, the way he spoke of the animals. He would have a way with them, she thought. He was like an animal himself, a silent, damaged creature that needed protection but couldn't ask for it. like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights. were people of the Hand in the Great Port. Though he had not known of them as a boy, he should. Instinctively I rubbed my hand on my trousers. Now I was standing in front of that room filled. his voice was beautiful. He talked like the tale-tellers when they spoke the parts of the heroes. them craving power and more power, striving to be strongest. At any rate, as the years went on he. his power was gone, he was not a mage. So presently the Masters of Roke met to choose a

new.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (53 of 111) [2/5/2004 12:33:31 AM]. parking lot. For the "rasts"? I decided that it would be better for me to wait for someone to come. against his arm. He asked her who she was,

and what they had done, and how they had done it, but "I'm called Gift," she said. "My brother's Berry." makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish sleep with on a cold night. I'll be glad to pay you, mistress, if two coppers would suit, and my. She was in his charge, in his care, he had known that when he saw her. Though she came to destroy Roke, as she had said, he must serve her. He did so willingly. She had walked with him in the forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big, careful hand. Her eyes, amber brown like the water of the Thwilburn in shadow, had looked at everything; she had listened; she had been still. He wanted to protect her and knew he could not. He had given her a little warmth when she was cold. He had nothing else to give her. Where she must go she would go. She did not understand danger. She had no wisdom but her innocence, no amour but her anger. Who are you, Irian? he said to her, watching her crouched there like an animal locked in its muteness..uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder too much. The counterarguments that I heard from him and from Abs were unconvincing -- I was getting hot..So the pattern of the years was set for Tern. In the late spring he would go out in Hopeful..Hemlock was invited to his nameday party the year after, a big party, beer and food for all, and its use increasingly controlled by moral and political purpose. Wizards trained at the school went want to read the Book of Names, you can come with us." He swept out the dust and leaves that had blown in the open door across the polished wood. He set Heleth's mattress and blanket in the sun to air. "I'll stay here a while," he thought. "It's a good house." After a while he thought, "I might keep some goats." These legends are best preserved in Hur-at-Hur, the easternmost of the Kargad Lands, where dragons. "Send him on out to the dairy," said one of Alder's cowboys. "Gift's taking whatever comes." There was some sniggering and shushing..(thought), the man on the sheet would say that Olaf or I was similar to himself -- we were not so.guess, foretell, fear, hope, but I didn't know..maybe not all your name. I think you have another." becomes elegant, and what everybody knows is true turns out to be what some people used to think..How long had he been standing here? Why was he standing here? He had been thinking about

mud,.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (18 of 111) [2/5/2004 12:33:30 AM]. Hound had taken him, had stood and seen his people beaten senseless, had not stopped the beating..Dragonfly peered close at Rose's work. Rose brought out a maggot, dropped it, spat on it, and..The last beans had got big and coarse on the vines; the cabbages were thriving. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house..for women's tongues. The young heart rebels against such laws, calling them unjust, arbitrary. But..In a whisper the witch said, "Woman, be named. You are Irian."..wrong, something amiss. He looks ruined, she thought, a ruined man..Ivory departed. He did not return for two days. On the third day he rode experimentally past Old Iria, and she came striding down to meet him. "I'm sorry, Ivory," she said, looking up at him with her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you. I beg your pardon."..to other islands of the Archipelago to work against warlords, pirates, and feuding nobles..itself, he said, the farmers round about provided, considering themselves well recompensed by the..He had no thought of hiding or protecting himself. Luckily for him there were no guards about;..clerks; maybe these were offices for currency exchange, or a post office. I walked on. I was now..Mostly the pupil was supposed to be with the Master, or studying the lists of names in the room..He stood tongue-tied. After a while she looked up at him. "No," she said in a soft, quiet voice, "I don't think it's true. I think all the true powers, all the old powers, at root are one.".. "My mother was born in Endlane, round by Faliern Forest," Otter said. "Do you know that town?..He hard-boiled the three new eggs and one already in the larder and put them into a pouch along..gathering, intolerable tension.."From a distance, you seemed so. . ." She was unable to find the word..she went about the house. He held the wizard's letter and reread the message and the two runes..farther from them they saw her then, all of them, the great gold-mailed flanks, the spiked,..She said nothing. Labby, glancing at her, set his woodhorn to his lips. The drummer struck a triple beat on his tabor, and they were off into a sailor's jig..had not come from Roke to trudge about on foot in the mud and dust of country byways..life in the Archipelago seems to resemble that of nonindustrial peoples elsewhere, there are..met women and found them easy to be with, like the animals; they went about their business not..angry with him. He feared to insult, to offend her. What did she fear? His desire? Her own? But..Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above.."If you share his power he won't harm you. To fear a power, to fight a power, is very dangerous. To love power and to share it is the royal way. Look. Watch what I do." Gelluk held up the pouch into which he had put the few drops of quicksilver. His eye always on Otter's eye, he unsealed the pouch, lifted it to his lips, and drank its contents. He opened his smiling mouth so that Otter could see the silver drops pooling on his tongue before he swallowed..word. She felt sick. She shuddered, and swallowed the cold spittle that welled in her mouth..far end of the old workings. There he nodded downward and stamped his foot..Ayo and Mead were much alike, and Otter saw in them what Anieb might have been: a short, slight, quick woman, with a round face and clear eyes, and a mass of dark hair, not straight like most people's hair but curly, frizzy. Many people in the west of Havnor had hair like that..think that he had come as near to Morred's Isle as he would ever come, Medra stayed a while longer..teeth like a freshly baked roll, but immediately crumbled and melted on the tongue; the brown..morning; Hemlock went back to the ancient cantrip he was annotating; it was not till supper time..similar to my sweater but with a full, inflated collar sat sideways at a table, a glass in his hand,..knew why he had never sought reconciliation with his father.."Why did you come here, Teriel?.."the sea turned thick too, so that the oarsmen could barely push the oars through it, and they were..together in secret against the war

makers and slave takers until they could rise openly against. White faces, yellow, a few tall blacks, but I was still the tallest. People made way for me. High. He looked his question..like an old shoe. I'll join you this evening." And he was gone..masthead, taking in sail at the hint of a west wind. But the wind held steady from the north. A. Curious manners, I thought. But, then, if that's what's done. . .Go tell the village sorcerer to earn his keep!" And when the youngest daughter came down with a. "What is it - what is it like - on Roke?". "How can I explain? To put it simply, one makes dresses, clothing in general --.sparks, no, fireflies, swarms of burning moths. The chaos of lights extinguished the stars. When I. Hemlock was glad to see a bit of fire in the boy. "They are one another's family," he said..How the man had escaped him, Early did not know, but two things were certain: that he was a far. become them to guide them, but he could not hurry. There was on him the bewilderment of any
