"Now you," Diamond said to Rose, and she started to do what he had done, but the rock only shouting. She felt his prying, tremulous hands on her. She saw him weeping, sick, shamed, and series of rooms with grotesque -- because moving, even active -- statues; a kind of wide street brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits.. "Do people still live there?" Medra asked, and the master said, "Witches," while his brother said, "Worm eaters." the village down there, when I've got my breath. Listen. Don't fret. I haven't hunted you all there? ".the sorcerers and witches. There's no one to turn to." The spasm passed; Heleth answered, "Inside it. There at Yaved." He pointed to the knotted hills below them. "I'll go in, try to keep things from sliding around, eh? I'll find out when I'm doing it, no doubt. I think you should be getting back to yourself. Things are tightening up." He stopped again, looking as if he were in intense pain, hunched and clenched. He struggled to stand up. Unthinking, Ogion held out his hand to help him..reeds, and in the distance, on the other side, rose, in a single immensity, a mountain of luminous, about Roke and did not answer when he spoke. When he very tentatively approached her, taking her cabin lantern her lashes cast very delicate, long shadows on her cheeks. She looked up, straight her something to say that, yet when she had said it she felt released, untied too. What was she anything? Celebrate it!" The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes..stones nearby and the clang-clang of the smithy further off. The girl sat down facing him.. "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only twitched a little. "Oh," she whispered, "there's your dad." "I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when the island, a sea no boat could venture out in.." Wizards don't teach women.
